

Columbia) will be asked to provide caseload data only once to support development of the survey sampling frame. All 51 are expected to respond.

**Estimated Number of Responses per Respondent:** The estimated number of responses 3.8 per SNAP participant respondent. The survey will be administered only once. The estimated number of responses per state SNAP agency is six.

**Estimated Total Annual Responses:** The estimate total annual responses is

119,361, of which 70,707 are survey respondents, 48,603 are survey non-respondents, and 51 are state agency respondents.

**Estimated Time per Response:** Based on pretesting of the survey instrument, the estimated time of response for SNAP participants will vary from 12 minutes to 69 minutes, with an overall average of 33 minutes (0.55 hours). SNAP participants with multiple jobs over the reference period will require more time to complete the survey than participants

with one job or no jobs. The estimated time of response for State SNAP agencies is 4.3 hours.

**Estimated Total Annual Burden on Respondents:** The total public reporting burden for this collection of information is estimated at 37,170 hours (annually). See Table 1 (Total Public Burden Hours) for estimated total annual burden for each type of respondent.

**Estimated Annual Burden Hours:** The estimated annual burden hours is 37,170.

#### Proposed New Recreation Fees: George Washington and Jefferson National Forests

**AGENCY:** Forest Service, USDA.

**ACTION:** Notice of proposed new recreation fees.

**SUMMARY:** The George Washington and Jefferson National Forests is proposing to charge new fees at three recreation sites. Recreation fees are assessed based

on the level of amenities and services provided, cost of operation and maintenance, analysis of other providers, and public comment. The fees listed are only proposed and will be determined upon further analysis and public comment. Funds from fees would be used for the continued operations of these campgrounds, maintenance, and improvements.

**DATES:** Comments on the fee changes will be accepted through October 15, 2019. The fees will become available pending a recommendation from the Southern Region Recreation Resource Advisory Committee. If approved by the Regional Forester, implementation of new fees will occur no sooner than 180 days from the date of publication in the **Federal Register**.

**ADDRESSES:** Written comments concerning this notice should be

addressed to the Supervisor's Office at: Joby P. Timm, Forest Supervisor, George Washington and Jefferson National Forests, 5162 Valleypointe Parkway, Roanoke, VA 24019, Attention Recreation Fee Coordinator.

#### FOR FURTHER INFORMATION CONTACT:

Ginny Williams, Recreation Fee Coordinator, 540–265–5166. Information about proposed fee changes can also be found on the George Washington and Jefferson National Forests website: <https://www.fs.usda.gov/gwj>.

**SUPPLEMENTARY INFORMATION:** Under the proposed new fee structure, Little Fort, The Pines and Wolf Gap Campgrounds will be available for overnight camping for a fee. An analysis of campgrounds with similar amenities in the areas surrounding these recreation sites indicates that the proposed fees of \$12

to \$14 per night are comparable and reasonable.

All three campgrounds offer designated campsites with a parking spur, tent pad, picnic table and fire ring with cooking grill. The campgrounds each have at least one information kiosk, vault toilet building, interior gravel or paved campground road, and informational signs. The Pines Campground has trash receptacles and trash removal service. Campers are responsible for removing their trash from Little Fort and Wolf Gap Campgrounds. Currently, none of the campgrounds offer drinking water.

All three of these campgrounds offer direct access to several outdoor recreation opportunities. Little Fort is adjacent to a motorized trail system and near non-motorized trails and a mountaintop observation tower. Wolf Gap Campground on the Virginia/West Virginia border offers access to several highly popular non-motorized trails. The Pines Campground is located adjacent to a challenging four-wheel drive road on one side and the designated Barbour's Creek Wilderness on another. A stocked trout stream runs by The Pines as well. Recreation fees would be combined with other funds to support continued operations and maintenance of these campgrounds that support visitor enjoyment of national forest recreation opportunities.

Currently all three campgrounds are fee free recreation sites. A camping fee of \$12 to \$14 per site per night would be required. Additional amenities are proposed for the facilities including establishing a host campsite at The Pines, repairing the water system and reintroducing drinking water at The Pines and at Wolf Gap, and rehabilitating campsites and the interior campground road at Little Fort. Site features such as picnic tables, signs, and information kiosks will be repaired or replaced as needed.

The Federal Recreation Lands Enhancement Act (Title VII, Pub. L. 108-447) directed the Secretary of Agriculture to publish a six-month notice in the **Federal Register** whenever new recreation fee areas are established.

Once public involvement is complete, these new fees will be reviewed by the Southern Region Recreation Resource Advisory Committee prior to a final decision and implementation. These sites have all the required features to allow a fee to be charged. Those features include designated parking area, interpretive information and signing, permanent toilets, increased patrols, picnic table, and trash services. These standard amenity fee sites will honor the full suite of Interagency Passes.

Once public involvement is complete, these new fees will be reviewed by the Southern Region Recreation Resource Advisory Committee prior to a final decision and implementation.

Dated: August 29, 2019.

#### Oil Country Tubular Goods From Ukraine: Preliminary Results of the First Five-Year Sunset Review of the Antidumping Duty Order

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** On June 4, 2019, the Department of Commerce (Commerce) initiated the first sunset review of the antidumping duty (AD) order on oil country tubular goods (OCTG) from Ukraine. Commerce determined that it was appropriate to conduct a full review. Commerce preliminarily finds that revocation of this AD order would be likely to lead to continuation or recurrence of dumping at the levels indicated in the "Preliminary Results of Review" section of this notice.

**DATES:** Applicable September 30, 2019.

**FOR FURTHER INFORMATION CONTACT:** Lauren Caserta or Mark Hoadley, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone (202) 482-4737 or (202) 482-3148, respectively.

#### SUPPLEMENTARY INFORMATION:

##### Background

On June 4, 2019, Commerce initiated the sunset review of the agreement suspending the AD investigation on OCTG from Ukraine, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).<sup>1</sup> Subsequent to the initiation of the sunset review, the suspension agreement on OCTG from Ukraine was terminated and an AD order was issued, effective July 10,

<sup>1</sup> See *Initiation of Five-Year (Sunset) Reviews*, 84 FR 25741 (June 4, 2019); see also *Suspension of Antidumping Investigation: Certain Oil Country Tubular Goods From Ukraine*, 79 FR 41959 (July 18, 2014).

2019.<sup>2</sup> As section 751(c) of the Act provides for sunset reviews of an AD order or a notice of a suspended investigation, Commerce concludes that continuing the sunset review of the *Order* despite the termination of the suspension agreement is contemplated by the Act.

Commerce received notices of intent to participate from Benteler Steel/Tube (Benteler), Boomerang Tube, LLC (Boomerang), IPSCO Tubulars, Inc. (IPSCO), Vallourec Star, LP (Vallourec), Welded Tube USA Inc. (Welded Tube USA), Maverick Tube Corporation (Maverick), Tenaris Bay City, Inc. (Tenaris Bay), and the United States Steel Corporation (U.S. Steel) (collectively, the domestic interested parties), and Interpipe and North American Interpipe, Inc. (collectively, Interpipe) within the deadline specified in 19 CFR 351.218(d)(1)(i).<sup>3</sup> Commerce received substantive responses from the domestic interested parties<sup>4</sup> and Interpipe<sup>5</sup> within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i). On July 8, 2019, we received rebuttal comments from the domestic interested parties within the deadline specified in 19 CFR 351.218(d)(4).<sup>6</sup> In addition, on July 8, 2019, the GOU's Ministry of Economic Development and Trade placed comments on the record concerning the initiation of the sunset review of the suspended investigation

<sup>2</sup> See *Termination of the Suspension Agreement on Certain Oil Country Tubular Goods from Ukraine, Rescission of Administrative Review, and Issuance of Antidumping Duty Order*, 84 FR 33918 (July 16, 2019) (*Order*).

<sup>3</sup> See Benteler, Boomerang, IPSCO, Vallourec, and Welded Tube USA's Letter, "Oil Country Tubular Goods from Ukraine: Notice of Intent to Participate," dated June 13, 2019; see also Maverick and Tenaris Bay's Letter, "Notice of Intent to Participate in First Sunset Review of the Agreement Suspending the Antidumping Duty Investigation on Oil Country Tubular Goods from Ukraine," dated June 17, 2019; and U.S. Steel's Letter, "Five-Year ('Sunset') Review of Agreement Suspending the Antidumping Duty Investigation on Oil Country Tubular Goods from Ukraine: Notice of Intent to Participate," dated June 19, 2019. Responses from the domestic interested parties and Interpipe were filed prior to the termination of the suspension agreement, and thus reference the suspension agreement rather than the *Order*.
