The Commission is instituting proceedings to allow for additional consideration and comment on the issues raised herein, including as to whether the proposed fees are consistent with the Act, and specifically, with its requirements that exchange fees be reasonable and equitably allocated and not be unfairly discriminatory.⁴¹

The Commission asks that commenters address the sufficiency and merit of the Exchange's statements in support of the proposal, in addition to any other comments they may wish to submit about the proposed rule change.

OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

Notice of Continuation and Request for Nominations for the Trade and Environment Policy Advisory Committee

AGENCY: Office of the United States Trade Representative.

ACTION: Notice and request for applications.

SUMMARY: The Office of the United States Trade Representative (USTR) is establishing a new two-year charter term and accepting applications from qualified individuals interested in serving as a member of the Trade and Environment Policy Advisory Committee (TEPAC). The TEPAC is a trade advisory committee that provides general policy advice to the U.S. Trade Representative on trade policy matters that have a significant impact on the environment.

DATES: USTR will accept nominations on a rolling basis for membership on the TEPAC for the two-year charter term beginning on September 30, 2019, and expiring on September 29, 2021.

FOR FURTHER INFORMATION CONTACT: Molly Foley, Director for Intergovernmental Affairs and Public Engagement, Molly.L.Foley@ustr.eop.gov, or (202) 395–2870, or Amanda Mayhew, Amanda.B.Mayhew@ustr.eop.gov, Office for Environment and Natural Resources, or (202) 395–9629.

SUPPLEMENTARY INFORMATION:

I. Background

Section 135(c)(1) of the Trade Act of 1974, as amended (19 U.S.C. 2155(c)(1)), authorizes the President to establish individual general trade policy advisory committees for industry, labor, agriculture, services, investment, defense, small business, and other interests, as appropriate, to provide general policy advice. The President delegated that authority to the U.S. Trade Representative in Executive Order 11846, section 4(d), issued on March 27, 1975. Pursuant to this authority, the U.S. Trade Representative established a new two-year charter term for the

TEPAC, which began on September 30, 2019, and ends on September 29, 2021.

The TEPAC is a trade advisory committee established to provide general policy advice to the U.S. Trade Representative on trade policy matters that have a significant impact on the environment. More specifically, the TEPAC provides general policy advice with respect to the effect on the environment of implementation of trade agreements; negotiating objectives and bargaining positions before entering into trade agreements; the operation of any trade agreement once entered into, and other matters arising in connection with the development, implementation, and administration of the trade policy of the United States.

The TEPAC meets as needed, at the call either of the U.S. Trade Representative or his/her designee, or two-thirds of the TEPAC members, depending on various factors such as the level of activity of trade negotiations and the needs of the U.S. Trade Representative.

II. Membership

The TEPAC is composed of not more than 35 members, including, but not limited to, representatives from environmental interest groups, industry (including the environmental technology and environmental services industries), agriculture, academia, consumer groups, services, non-governmental organizations, and others with expertise in trade and environment matters. The U.S. Trade Representative appoints all TEPAC members for a term of two-years or until the TEPAC charter expires, and they serve at his/her discretion. Individuals can be reappointed for any number of terms. The U.S. Trade Representative makes appointments without regard to political affiliation and with an interest in ensuring balance in terms of sectors, demographics, and other factors relevant to USTR’s needs. USTR intends for the TEPAC to be broadly representative of key sectors and groups of the economy with an interest in trade and environmental policy issues.

TEPAC members serve without either compensation or reimbursement of expenses. Members are responsible for all expenses they incur to attend meetings or otherwise participate in TEPAC activities.

The U.S. Trade Representative appoints TEPAC members to represent their sponsoring U.S. entity’s interests on trade and the environment, and thus USTR’s foremost consideration for applicants is their ability to carry out the goals of section 135(c) of the Trade Act of 1974, as amended.
