**AGENCY:** National Park Service, Interior.  
**ACTION:** Notice.

**SUMMARY:** The Tennessee Valley Authority (TVA) has completed an inventory of human remains in consultation with the appropriate Indian Tribes or Native Hawaiian organizations, and has determined that there is no cultural affiliation between the human remains and any present-day Indian Tribes or Native Hawaiian organizations. Representatives of any Indian Tribe or Native Hawaiian organization not identified in this notice that wish to request transfer of control of these human remains should submit a written request to the TVA. If no additional requestors come forward, transfer of control of the human remains to the Indian Tribes or Native Hawaiian organizations stated in this notice may proceed.

**DATES:** Representatives of any Indian Tribe or Native Hawaiian organization not identified in this notice that wish to request transfer of control of these human remains should submit a written request with information in support of the request to the TVA at the address in this notice by December 9, 2019.

**ADDRESSES:** Dr. Thomas O. Maher, TVA, 400 West Summit Hill Drive, WT11C, Knoxville, TN 37902-1401, telephone (865) 632-7458, email [tomaher@tva.gov](mailto:tomaher@tva.gov).

**SUPPLEMENTARY INFORMATION:** Notice is here given in accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), 25 U.S.C. 3003, of the completion of an inventory of human remains under the control of the Tennessee Valley Authority, Knoxville, TN. The human remains were removed from the Cox site, 1JA176, in Jackson County, AL.

This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA, 25

U.S.C. 3003(d)(3) and 43 CFR 10.11(d). The determinations in this notice are the sole responsibility of the museum, institution, or Federal agency that has control of the Native American human remains. The National Park Service is not responsible for the determinations in this notice.

### Consultation

A detailed assessment of the human remains was made by TVA professional staff in consultation with representatives of the Absentee-Shawnee Tribe Indians of Oklahoma; Alabama-Coushatta Tribe of Texas (previously listed as the Alabama-Coushatta Tribes of Texas); Alabama-Quassarte Tribal Town; Cherokee Nation; Eastern Band of Cherokee Indians; Eastern Shawnee Tribe of Oklahoma; Kialegee Tribal Town; Poarch Band of Creeks (previously listed as the Poarch Band of Creek Indians of Alabama); Seminole Tribe of Florida (previously listed as the Seminole Tribe of Florida (Dania, Big Cypress, Brighton, Hollywood & Tampa Reservations)); Shawnee Tribe; The Chickasaw Nation; The Muscogee (Creek) Nation; The Seminole Nation of Oklahoma; Thlopthlocco Tribal Town; and the United Keetoowah Band of Cherokee Indians in Oklahoma (hereafter referred to as "The Consulted Tribes").

### History and Description of the Remains

The site listed in this notice was excavated as part of TVA's Guntersville Reservoir project by the Alabama Museum of Natural History (AMNH) at the University of Alabama, using labor and funds provided by the Works Progress Administration. Details regarding these excavations and sites may be found in a report, "*An Archaeological Survey of Guntersville Basin on the Tennessee River in Northern Alabama*," by William S. Webb and Charles G. Wilder. Human remains and other associated funerary objects from this site were previously listed in a Notice of Inventory Completion published in the **Federal Register** on March 31, 2014 (79 FR 18056, March 31, 2014), and were transferred to The Muscogee (Creek) Nation. Additional human remains were found during a recent improvement in the curation of the TVA archeological collections at AMNH.

From April 27, 1938, to November 10, 1939, human remains representing, at minimum, one individual were removed from the Cox site, 1JA176, in Jackson County, AL. Excavation of the site commenced after TVA had acquired this land on July 19, 1937 for the Guntersville project. The site was

composed of both a conical mound believed to have originally been a truncated pyramid with multiple stratigraphic zones, and a village containing most of the burial units. This site was occupied during the Woodland period (300 B.C.–A.D.1000) and the Crow Creek phase of the Mississippian period (ca. A.D. 1400–1600). No known individuals were identified. No associated funerary objects are present.

### Determinations Made by the Tennessee Valley Authority

Officials of the Tennessee Valley Authority have determined that:

- Pursuant to 25 U.S.C. 3001(9), the human remains described in this notice are Native American based on their presence in a prehistoric archeological site and osteological analysis.
- Pursuant to 25 U.S.C. 3001(9), the human remains described in this notice represent the physical remains of one individual of Native American ancestry.
- Pursuant to 25 U.S.C. 3001(2), a relationship of shared group identity cannot be reasonably traced between the Native American human remains and any present-day Indian Tribe.
- According to final judgments of the Indian Claims Commission or the Court of Federal Claims, the land from which the Native American human remains were removed is the aboriginal land of the Cherokee Nation; Eastern Band of Cherokee Indians; and the United Keetoowah Band of Cherokee Indians in Oklahoma.
- The Cherokee Nation; Eastern Band of Cherokee Indians; and the United Keetoowah Band of Cherokee Indians in Oklahoma have declined to accept transfer of control of the human remains.
- Pursuant to 43 CFR 10.11(c)(1), the disposition of the human remains may be to The Muscogee (Creek) Nation.

### Additional Requestors and Disposition

Representatives of any Indian Tribe or Native Hawaiian organization not identified in this notice that wish to request transfer of control of these human remains should submit a written request with information in support of the request to Dr. Thomas O. Maher, TVA, 400 West Summit Hill Drive, WT11C, Knoxville, TN 37902-1401, telephone (865) 632-7458, email [tomaher@tva.gov](mailto:tomaher@tva.gov), by December 9, 2019.
