

and 19 CFR 351.213(b).² Pursuant to this request, and in accordance with section 751(a) of the Act and 19 CFR 351.221(c)(1)(i), we initiated an administrative review of 130 companies.³ On October 1, 2019, the petitioners filed a timely withdrawal of request for the administrative review with respect to all 130 companies.⁴

Rescission of Review

Pursuant to 19 CFR 351.213(d)(1), the Secretary will rescind an administrative review, in whole or in part, if the party that requested the review withdraws the request within 90 days of the date of publication of the notice of initiation of the requested review. As noted above, the petitioners, the only parties to file a request for review, withdrew their requests by the 90-day deadline. Accordingly, we are rescinding antidumping duty order on OCTG from China for the period May 1, 2018, through April 30, 2019, in its entirety.

Assessment

Commerce will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries of oil country tubular goods from China. Antidumping duties shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue appropriate assessment instructions to CBP 15 days after the date of publication of this notice in the **Federal Register**.

Notification to Importers

This notice serves as a reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Notification Regarding Administrative Protective Orders

This notice also serves as a reminder to all parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213(d)(4).

SUPPLEMENTARY INFORMATION:

Background

This preliminary determination is made in accordance with section 703(b)

of the Tariff Act of 1930, as amended (the Act). Commerce published the notice of initiation of this investigation on July 3, 2019.¹

On August 9, 2019, pursuant to a request from the Kyocera Senco Industrial Tools, Inc. (the petitioner),² Commerce postponed the preliminary determination of this investigation to November 4, 2019.³ On October 24, 2019, Commerce issued its preliminary critical circumstances determination determining that critical circumstances exist for imports from all producers and exporters of the subject merchandise from China.⁴

For a complete description of the events that followed the initiation of this investigation, see the Preliminary Decision Memorandum.⁵ A list of topics discussed in the Preliminary Decision Memorandum is included as Appendix II to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>, and is available to all parties in the Central Records Unit, Room B8024 of the main Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/>. The signed and electronic versions of the Preliminary Decision Memorandum are identical in content.

Scope of the Investigation

The product covered by this investigation is collated staples from China. For a complete description of the scope of this investigation, see

Appendix I and “Scope Comments” section below.

Scope Comments

In accordance with the Preamble to Commerce’s regulations,⁶ the *Initiation Notice* set aside a period of time for parties to raise issues regarding product coverage (*i.e.*, scope).⁷ Certain interested parties commented on the scope of the investigation as it appeared in the *Initiation Notice*.⁸ Based on our preliminary analysis of these comments, we have not made any changes to the scope of the investigation. For a summary of the product coverage comments and responses submitted to the record for this preliminary determination, and accompanying discussion and analysis of all comments timely received, *see* the Preliminary Scope Decision Memorandum.⁹

Methodology

Commerce is conducting this investigation in accordance with section 701 of the Act. For each of the subsidy programs found countervailable, Commerce preliminarily determines that there is a subsidy, *i.e.*, a financial contribution by an “authority” that confers a benefit to the recipient, and that the subsidy is specific.¹⁰ In making these findings, Commerce relied in part on facts available, and because Commerce found that certain respondents did not act to the best of their ability to respond to our requests for information, Commerce drew an adverse inference where appropriate in selecting from among the facts

otherwise available.¹¹ For further information, *see* “Use of Facts Otherwise Available and Adverse Inferences” in the Preliminary Decision Memorandum. For a full description of the methodology underlying our preliminary conclusions, *see* the Preliminary Decision Memorandum.

Alignment

In accordance with section 705(a)(1) of the Act and 19 CFR 351.210(b)(4), Commerce is aligning the final determination in this countervailing duty investigation with the final determination in the companion antidumping duty investigation of collated staples from China, based on a request made by the petitioner.¹² Consequently, the final countervailing duty determination will be issued on the same date as the final antidumping duty determination, which is currently scheduled to be issued no later than March 17, 2020, unless postponed.

All-Others Rate

Sections 703(d)(1)(A)(i) and 705(c)(5)(A) of the Act provide that in the preliminary determination, Commerce shall determine an estimated all-others rate for companies not individually examined. This rate shall be an amount equal to the weighted average of the estimated subsidy rates established for those companies individually examined, excluding any zero and *de minimis* rates and any rates based entirely on facts otherwise available, as outlined under section 776 of the Act.

In this investigation, Commerce preliminarily assigned rates based entirely on facts available for Hai Sheng Xin Group Co., Ltd. and Ningbo Deli Stationery. Therefore, the only rate that is not zero, *de minimis*, or based entirely on facts otherwise available is the rate calculated for Zhejiang Best Nail Industrial Co., Ltd. (Best Nail). Consequently, the rate calculated for Best Nail is preliminarily assigned as the rate for all other producers and exporters.

Preliminary Determination

Commerce preliminarily determines that the following estimated countervailable subsidy rates exist:

Company	Subsidy rate (percent)
Zhejiang Best Nail Industrial Co., Ltd	12.38
Hai Sheng Xin Group Co., Ltd ...	156.99
Ningbo Deli Stationery	156.99
All Others	12.38

Suspension of Liquidation

In accordance with sections 703(d)(1)(B) and (d)(2) of the Act, Commerce will direct U.S. Customs and Border Protection (CBP) to suspend liquidation of entries of subject merchandise as described in the “Scope of the Investigation” section entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice in the **Federal Register**. Further, pursuant to 19 CFR 351.205(d), Commerce will instruct CBP to require a cash deposit equal to the rates indicated above.

Section 703(e)(2) of the Act provides that, given an affirmative determination of critical circumstances,¹³ any suspension of liquidation shall apply to unliquidated entries of merchandise entered, or withdrawn from warehouse, for consumption on or after the later of (a) the date which is 90 days before the date on which the suspension of liquidation was first ordered, or (b) the date on which the notice of initiation of the investigation was published. Commerce preliminarily found that critical circumstances exist for all imports of subject merchandise from China. In accordance with section 703(e)(2)(A) of the Act, the suspension of liquidation shall apply to unliquidated entries from all exporters and producers of the subject merchandise from China that were entered, or withdrawn from warehouse, for consumption on or after the date which is 90 days before the publication of this notice.

Disclosure

Commerce intends to disclose its calculations and analysis performed to interested parties in this preliminary determination within five days of its public announcement, or if there is no public announcement, within five days of the date of this notice in accordance with 19 CFR 351.224(b).
