SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-87481; File No. SR-NYSE-2019-57]

Self-Regulatory Organizations; New York Stock Exchange LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend NYSE Rule 7.37 To Specify the Exchange's Use of Data Feeds from NYSE Chicago, Inc.

November 6, 2019.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 ("Act")² and Rule 19b-4 thereunder,³ notice is hereby given that on October 31, 2019, New York Stock Exchange LLC ("NYSE" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to: (1) Amend Rule 7.37 to specify in Exchange rules the Exchange's use of data feeds from NYSE Chicago, Inc. ("NYSE Chicago") for order handling and execution, order routing, and regulatory compliance; and (2) amend Rule 17 to reflect that Archipelago Securities LLC ("Arca Securities") would function as a routing broker for the Exchange's affiliate, NYSE Chicago. The proposed rule change is available on the Exchange's website at www.nyse.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

² 15 U.S.C. 78a.

³ 17 CFR 240.19b-4.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to update and amend the table in Rule 7.37 that sets forth on a market-by-market basis the specific network processor and proprietary data feeds that the Exchange utilizes for the handling, execution and routing of orders, and for performing the regulatory compliance checks related to each of those functions. Specifically, the table would be amended to include NYSE Chicago, which intends to migrate to the Pillar trading platform.⁴ Rule 7.37 currently [sic] provides that the Chicago Stock Exchange, Inc., the predecessor name of NYSE Chicago, utilizes the securities information processor ("SIP") data feed as its primary source for the handling, execution and routing of orders, as well as for regulatory compliance, and does not use a secondary source. Once NYSE Chicago transitions trading to Pillar, it would use a direct data feed as its primary source and the SIP data feed as a secondary source. To reflect these changes, the Exchange proposes to amend Rule 7.37 to specify which data feeds the Exchange would use for NYSE Chicago. Specifically, the Exchange proposes to amend the rule to provide that NYSE Chicago would use the direct data feed as the primary source and would use the SIP data feed as a secondary source.

Additionally, the Exchange proposes to amend Rule 17 to reflect that Arca Securities would function as a routing broker for the Exchange's affiliate, NYSE Chicago. Specifically, the Exchange proposes to amend Rule 17(c)(2)(A) and (B) to reference NYSE Chicago as an affiliate of the Exchange for the purposes of the inbound routing function performed by Arca Securities. The proposed rule change would provide more clarity and transparency to all the functions that Arca Securities performs on behalf of the Exchange and its affiliates, which now includes NYSE Chicago. The Exchange is not proposing any substantive change to the rule.

2. Statutory Basis

The proposed rule change is consistent with Section 6(b) of the Securities Exchange Act of 1934 (the

⁴ NYSE Chicago has announced that, subject to rule approvals, it will transition to trading on Pillar on November 4, 2019. See Trader Update, available here: https://www.nyse.com/publicdocs/nyse/notifications/trader-update/NYSEChicago_Migration_update_9.4.pdf.

“Act”),⁵ in general, and furthers the objectives of Section 6(b)(5),⁶ in particular, because it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to, and perfect the mechanism of, a free and open market and a national market system and, in general, to protect investors and the public interest. The Exchange believes its proposal to update the table in Rule 7.37 to include NYSE Chicago will ensure that Rule 7.37 correctly identifies and publicly states on a market-by-market basis all of the specific network processor and proprietary data feeds that the Exchange utilizes for the handling, execution and routing of orders, and for performing the regulatory compliance checks to each of those functions. The proposed rule change also removes impediments to and perfects the mechanism of a free and open market and protects investors and the public interest because it provides additional specificity, clarity and transparency. The Exchange believes the proposed rule change to amend Rule 17 also removes impediments to and perfects the mechanism of a free and open market and protects investors and the public interest because the proposed rule change would enhance the clarity and transparency in Exchange Rules surrounding the inbound routing function performed by Arca Securities for the Exchange’s affiliate, NYSE Chicago.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed change is not designed to address any competitive issue but rather would provide the public and investors with information about which data feeds the Exchange uses for execution and routing decisions, and provide clarity in Exchange rules that Arca Securities would perform the inbound routing function on behalf on the Exchange’s affiliate, NYSE Chicago.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act⁷ and Rule 19b-4(f)(6) thereunder.⁸ Because the proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6)(iii) thereunder.⁹

A proposed rule change filed under Rule 19b-4(f)(6)¹⁰ normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),¹¹ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Exchange represents that the proposal would correctly identify and publicly state on a market-by-market basis all of the specific network processor and proprietary data feeds that the Exchange utilizes for the handling, execution and routing of orders, and for performing the regulatory compliance checks to each of those functions. Further, the Exchange represents that the proposal would enhance the clarity and transparency in Exchange Rules surrounding the inbound routing function performed by Arca Securities for the Exchange’s affiliate, NYSE Chicago. The

⁸ 17 CFR 240.19b-4(f)(6).

⁹ In addition, Rule 19b-4(f)(6)(iii) requires the Exchange to give the Commission written notice of the Exchange’s intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

Commission believes that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest, and hereby waives the operative delay and designates the proposed rule change as operative upon filing.¹²

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)¹³ of the Act to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:
