SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section

3506(c)(2)(A) of the PRA (44 U.S.C. 3506(c)(2)(A)) requires federal agencies to publish a 30-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice that summarizes the following proposed collection(s) of information for public comment:

1. Type of Information Collection

Request: Extension without change of a currently approved collection; **Title of Information Collection:** Health Insurance Common Claims Form and Supporting Regulations at 42 CFR part 424, subpart C (CMS-1500 and CMS-1490S); **Use:** Social Security Act, Part E, Section 1861(s) provides definition of services and institutions covered under the Act. The CMS-1500 is used to bill for services covered under section 1861(a)(1) by persons entitled to payment for such services. Benefits are paid either to the physician/supplier under an agreement, the beneficiary on the basis of an itemized bill per section 1842(b)(3)(B)(i) and (ii) of the Social Security Act, or to an organization authorized to receive payment per 1842(b)(6).

The CMS-1500 and the CMS-1490S forms are used to deliver information to CMS in order for CMS to reimburse for provided services. Medicare Administrative Contractors use the data collected on the CMS-1500 and the CMS-1490S to determine the proper amount of reimbursement for Part B medical and other health services (as listed in section 1861(s) of the Social Security Act) provided by physicians and suppliers to beneficiaries. The CMS-1500 is submitted by physicians/suppliers for all Part B Medicare. Serving as a common claim form, the CMS-1500 can be used by other third-party payers (commercial and nonprofit health insurers) and other Federal programs (e.g., TRICARE, RRB, and Medicaid). As the CMS-1500 displays data items required for other third-party payers in addition to Medicare, the form is considered too complex for use by beneficiaries when they file their own claims. Therefore, the CMS-1490S (Patient's Request for Medical Payment) was explicitly developed for easy use by beneficiaries who file their own claims. The English and Spanish version CMS-1490S form (version 01/18) can be obtained from a Medicare Administrative Contractor or online. **Form Number:** CMS-1500/1490S (OMB control number: 0938-1197); **Frequency:** Yearly; **Affected Public:** State, Local, or

Tribal Governments; *Number of Respondents*: 2,029,505; *Total Annual Responses*: 1,033,839,906; *Total Annual Hours*: 18,847,500. (For policy questions regarding this collection contact Charlene Parks at 410-786-8684.)

2. Type of Information Collection

Request: Extension of a currently approved collection; *Title of Information Collection*: Health Reimbursement Arrangements and Other Account-Based Group Health Plans; *Use*: On June 20, 2019, the Department of the Treasury, the Department of Labor, and the Department of Health and Human Services (collectively, the Departments) issued final regulations titled "Health Reimbursement Arrangements and Other Account-Based Group Health Plans" (84 FR 28888) under section 2711 of the PHS Act and the health nondiscrimination provisions of HIPAA, Public Law 104-191 (HIPAA nondiscrimination provisions). The regulations expand the use of health reimbursement arrangements and other account-based group health plans (collectively referred to as HRAs). In general, the regulations expand the use of HRAs by eliminating the current prohibition on integrating HRAs with individual health insurance coverage, thereby permitting employers to offer individual coverage HRAs to employees that can be integrated with individual health insurance coverage or Medicare. Under the regulations employees will be permitted to use amounts in an individual coverage HRA to pay expenses for medical care (including premiums for individual health insurance coverage and Medicare), subject to certain requirements. This information collection includes provisions related to substantiation of individual health insurance coverage (45 CFR 146.123(c)(5)), the notice requirement for individual coverage HRAs (45 CFR 146.123(c)(6)), and notification of termination of coverage (45 CFR 146.123(c)(1)(iii)). *Form Number*: CMS-10704 (OMB Control Number 0938-1361); *Frequency*: Annually; *Affected Public*: Private Sector, State Governments; *Number of Respondents*: 2,005; *Total Annual*

Responses: 273,492; *Total Annual Hours*: 6,016. (For policy questions regarding this collection contact Usree Bandyopadhyay at 410-786-6650.)

3. Type of Information Collection

Request: Extension without change of a currently approved collection; *Title of Information Collection*: Affordable Care Act Internal Claims and Appeals and External Review Procedures for Non-grandfathered Group Health Plans and Issuers and Individual Market Issuers; *Use*: The information collection requirements ensure that claimants receive adequate information regarding the plan's claims procedures and the plan's handling of specific benefit claims. Claimants need to understand plan procedures and plan decisions in order to appropriately request benefits and/or appeal benefit denials. The information collected in connection with the HHS-administered federal external review process is collected by HHS, and is used to provide claimants with an independent external review. *Form Number*: CMS-10338 (OMB control number: 0938-1099); *Frequency*: Occasionally; *Affected Public*: State, Local, or Tribal Governments; *Number of Respondents*: 109,653; *Total Annual Responses*: 4,711; *Total Annual Hours*: 1,195,626. (For policy questions regarding this collection contact Laura Byabazaire at 410-786-6650.)

Dated: November 25, 2019.

Director, Paperwork Reduction Staff, Office of Strategic Operations and Regulatory Affairs.

ACTION: Request for public comment.

SUMMARY: The Intergovernmental Reference Guide (IRG) is a centralized and automated repository of state and tribal profiles that contains high-level descriptions of each state and tribal child support enforcement (CSE) program. These profiles provide state, tribal, and foreign country CSE agencies with an effective and efficient method for updating and accessing information needed to process intergovernmental child support cases.

DATES: *Comments due within 60 days of publication.* In compliance with the requirements of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Administration for Children and Families is soliciting public comment on the specific aspects of the information collection described above.

ADDRESSES: Copies of the proposed collection of information can be obtained and comments may be forwarded by emailing infocollection@acf.hhs.gov. Alternatively, copies can also be obtained by writing to the Administration for Children and Families, Office of Planning, Research and Evaluation, 330 C Street SW, Washington, DC 20201, Attn: ACF Reports Clearance Officer. All requests, emailed or written, should be identified by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description: The Office of Child Support Enforcement (OCSE) is proposing to add a new section (Section O) with six questions pertaining to family violence in the state profile. This will help process intergovernmental cases with family violence and help ensure the safety of children and families. OCSE is also proposing to delete Sections A-L (140 questions) from the tribal profile and create new sections (Sections A-D) with 11 questions regarding case processing. This will assist in the efficient processing of paternity and support obligations.

Respondents: State and tribal CSE agencies.
