

Shield is available at: <https://www.privacyshield.gov/welcome>.

The DOC issued the Privacy Shield Principles under its statutory authority to foster, promote, and develop international commerce (15 U.S.C. 1512). The International Trade Administration (ITA) administers and supervises the Privacy Shield, including maintaining and making publicly available an authoritative list of U.S. organizations that have self-certified to the DOC. U.S. organizations submit information to ITA to self-certify their compliance with Privacy Shield.

U.S. organizations considering self-certifying to the Privacy Shield should review the Privacy Shield Framework. In summary, to participate, an organization must (a) be subject to the investigatory and enforcement powers of the Federal Trade Commission, the Department of Transportation, or another statutory body that will effectively ensure compliance with the Principles; (b) publicly declare its commitment to comply with the Principles; (c) publicly disclose its privacy policies in line with the Principles; and (d) fully implement them.

Self-certification is voluntary; however, an organization's failure to comply with the Principles after its self-certification is enforceable under Section 5 of the Federal Trade Commission Act prohibiting unfair and deceptive acts in or affecting commerce (15 U.S.C. 45(a)) or other laws or regulations prohibiting such acts.

To rely on the Privacy Shield for transfers of personal data from the EU and/or Switzerland, an organization must self-certify its adherence to the Principles to the DOC, be placed on the Privacy Shield List, and remain on the Privacy Shield List. To self-certify for the Privacy Shield, an organization must provide to the DOC the information specified in the Privacy Shield Principles via the self-certification form.

ITA has committed to follow up with organizations that have been removed from the Privacy Shield List. ITA sends questionnaires to organizations that fail to complete the annual certification or that have withdrawn from the Privacy Shield to verify whether they will return, delete, or continue to apply the Principles to the personal information that they received while they participated in the Privacy Shield. If personal information will be retained, ITA asks organizations to verify who within the organization will serve as an ongoing point of contact for Privacy Shield-related questions.

In addition, ITA has committed to conduct compliance reviews on an

ongoing basis, including through sending detailed questionnaires to participating organizations. Such compliance reviews take place when: (a) The DOC receives specific non-frivolous complaints about an organization's compliance with the Principles, (b) an organization does not respond satisfactorily to DOC inquiries for information relating to the Privacy Shield, or (c) there is credible evidence that an organization does not comply with its commitments under the Privacy Shield.

II. Method of Collection

The Privacy Shield self-certification is submitted electronically by organizations through the DOC's Privacy Shield website (<https://www.privacyshield.gov/>). The Privacy Shield questionnaires and the corresponding responses provided by organizations are conveyed electronically via email or through the DOC's Privacy Shield website.

III. Data

OMB Control Number: 0625–0276.

Form Number(s): None.

Type of Review: Regular submission.

Affected Public: Primarily businesses or other for-profit organizations.

Estimated Number of Respondents: 5,100.

Estimated Time per Response: 40 minutes.

Estimated Total Annual Burden Hours: 3,412.

Estimated Total Annual Cost to Public: \$7,173,250.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection;

they also will become a matter of public record.

Certain Crystalline Silicon Photovoltaic Products From Taiwan: Preliminary Results of Antidumping Duty Administrative Review and Preliminary Determination of No Shipments; 2018–2019

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) preliminarily determines that producers/exporters subject to this review made sales of subject merchandise below normal value in the United States during the period of review (POR) February 1, 2018 through January 31, 2019. We invite interested parties to comment on these preliminary results.

DATES: Applicable December 26, 2019.

FOR FURTHER INFORMATION CONTACT: Thomas Martin or Maisha Cryor, AD/CVD Operations, Office IV, Enforcement and Compliance, International Trade Administration, Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; (202) 482–3936 or (202) 482–5831, respectively.

SUPPLEMENTARY INFORMATION:

Background

Commerce is conducting an administrative review of the antidumping duty (AD) order on certain crystalline silicon photovoltaic products (solar products) from Taiwan,¹ covering 36 respondents.² For a complete

description of the events that followed the initiation of this review, *see* the Preliminary Decision Memorandum.³ A list of topics included in the Preliminary Decision Memorandum is included as an appendix to this notice.

On October 30, 2019, we extended the preliminary results of this review to no later than December 5, 2019.⁴ On December 5, 2019, we extended the preliminary results of this review to no later than December 17, 2019.⁵

Scope of the Order⁶

The merchandise covered by this order is crystalline silicon photovoltaic cells, and modules, laminates and/or panels consisting of crystalline silicon photovoltaic cells, whether or not partially or fully assembled into other products, including building integrated materials. Merchandise covered by this order is currently classified in the Harmonized Tariff Schedule of the United States (HTSUS) under subheadings 8501.61.0000, 8507.20.8030, 8507.20.8040, 8507.20.8060, 8507.20.8090, 8541.40.6020, 8541.40.6030 and 8501.31.8000. These HTSUS subheadings are provided for convenience and customs purposes; the

written description of the scope is dispositive.

Preliminary Determination of No Shipments

Seven of the companies under review properly filed a statement that they made no shipments of subject merchandise to the United States during the POR.⁷ Based on their certifications and our analysis of U.S. Customs and Border Protection (CBP) information, we preliminarily determine that these seven companies had no reviewable transactions during the POR. Consistent with our practice, we are not preliminarily rescinding the review with respect to these seven companies. Rather, we will complete the review for these companies and issue appropriate instructions to CBP based on the final results of this review.⁸ For additional information regarding this determination, *see* the Preliminary Decision Memorandum.

Methodology

Commerce is conducting this review in accordance with section 751(a)(1) and (2) of Tariff Act of 1930, as amended (the Act). Export price and constructed export price were calculated in

accordance with section 772 of the Act. Normal value is calculated in accordance with section 773 of the Act.

For a full description of the methodology underlying our conclusions, *see* the Preliminary Decision Memorandum. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov> and is available to all parties in the Central Records Unit, Room B8024 of the main Commerce building. In addition, the complete Preliminary Decision Memorandum can be accessed directly on the internet at <http://enforcement.trade.gov/frn/index.html>. The signed Preliminary Decision Memorandum and the electronic version of the Preliminary Decision Memorandum are identical in content.

Assessment Rates

Upon issuance of the final results, Commerce shall determine, and CBP shall assess, antidumping duties on all appropriate entries covered by this review.

Since the weighted-average dumping margin for the collapsed entity Sino-American Silicon Products Inc., Solartech Energy Corp. and Sunshine PV Corporation is not zero or *de minimis* (i.e., less than 0.5 percent), we will calculate importer-specific *ad valorem* AD assessment rates based on the ratio of the total amount of dumping calculated for the importers examined sales to the total entered value of those same sales in accordance with 19 CFR 351.212(b)(1).⁹ We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review when the importer-specific assessment rate calculated in the final results of this review is above *de minimis* (i.e., 0.5 percent). Where either the respondent's weighted-average dumping margin is zero or *de minimis*,

or an importer-specific assessment rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties. The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review where applicable.

In accordance with Commerce's "automatic assessment" practice, for entries of subject merchandise during the POR produced by a respondent that did not know its merchandise was destined for the United States, we will instruct CBP to liquidate entries not reviewed at the all-others rate of 19.50 percent¹¹ if there is no rate for the intermediate company(ies) involved in the transaction.¹² We intend to issue instructions to CBP 15 days after publication of the final results of this review.

Cash Deposit Requirements

The following deposit requirements will be effective upon publication of the notice of final results of administrative review for all shipments of solar products from Taiwan entered, or withdrawn from warehouse, for consumption on or after the date of publication provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for each company listed above¹³ will be equal to the dumping

margins established in the final results of this review except if the ultimate rates are *de minimis* within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rates will be zero; (2) for merchandise exported by producers or exporters not covered in this administrative review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding in which the producer or exporter participated; (3) if the exporter is not a firm covered in this review, a prior review, or the original less-than-fair-value investigation but the producer is, then the cash deposit rate will be the rate established for the most recently completed segment of the proceeding for the producer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 19.50 percent, the all-others rate established in the *Final Determination*. These deposit requirements, when imposed, shall remain in effect until further notice.

Disclosure and Public Comment

Commerce will disclose to parties to this proceeding the calculations performed in reaching the preliminary results within five days of the date of publication of these preliminary results.¹⁴ Pursuant to 19 CFR 351.309(c)(1)(ii), interested parties may submit case briefs not later than 30 days after the date of publication of this notice. Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than five days after the date for filing case briefs.¹⁵ Parties who submit case briefs or rebuttal briefs in this proceeding are requested to submit with the argument: (1) A statement of the issue, (2) a summary of the argument,

⁹ In the first administrative review of the order, Commerce collapsed Sino-American Silicon Products Inc. and Solartech Energy Corp. and treated the companies as a single entity for purposes of the proceeding. See *Certain Crystalline Silicon Photovoltaic Products from Taiwan: Final Results of Antidumping Duty Administrative Review*; 2014–2016, 82 FR 31555 (July 7, 2017). Because there were no changes to the facts which supported that decision since that determination was made, we continue to find that these companies are part of a single entity for this administrative review. In the final results of the third administrative review of this proceeding, we included Sunshine PV Corporation in the SAS–SEC entity. See *Certain Crystalline Silicon Photovoltaic Products from Taiwan: Final Results of Antidumping Duty Administrative Review and Final Determination of No Shipments*; 2017–2018, 84 FR 39802 (August 12, 2019) and the accompanying Issues and Decision Memorandum at n.4.

¹⁰ In these preliminary results, Commerce applied the assessment rate calculation method adopted in *Antidumping Proceedings: Calculation of the Weighted-Average Dumping Margin and Assessment Rate in Certain Antidumping Proceedings; Final Modification*, 77 FR 8101 (February 14, 2012).

¹¹ See *Certain Crystalline Silicon Photovoltaic Products: Final Determination of Sales at Less Than Fair Value*, 79 FR 76966 (December 23, 2014) (*Final Determination*).

¹² For a full discussion of this practice, see *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003).

¹³ As explained in the Preliminary Decision Memorandum, the collapsed entity consisting of Sino-American Silicon Products Inc., Solartech Energy Corp. and Sunshine PV Corporation dissolved during the period of review. Specifically, Solartech Energy Corp. and Sunshine PV Corporation ceased to exist. Therefore, the dumping margin established for the collapsed entity will be the cash deposit rate for Sino-American Silicon Products Inc.

¹⁴ See 19 CFR 351.224(b).

¹⁵ See 19 CFR 351.309(d).

and (3) a table of authorities.¹⁶ All briefs must be filed electronically using ACCESS. An electronically filed document must be received successfully in its entirety by Commerce's electronic records system, ACCESS.

Interested parties who wish to request a hearing must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce, using Enforcement and Compliance's ACCESS system within 30 days of publication of this notice.¹⁷ Requests should contain the party's name, address, and telephone number, the number of participants, and a list of the issues to be discussed. If a request for a hearing is made, we will inform parties of the scheduled date for the hearing which will be held at the U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230, at a time and location to be determined.¹⁸ Parties should confirm by telephone the date, time, and location of the hearing.

Unless the deadline is extended pursuant to section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(2), Commerce will issue the final results of this administrative review, including the results of our analysis of the issues raised by the parties in their case briefs, within 120 days after issuance of these preliminary results.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Notification to Interested Parties

These preliminary results of review are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.221(b)(4).

Dated: December 16, 2019.

Jeffrey I. Kessler,

Assistant Secretary for Enforcement and Compliance.

Drawn Stainless Steel Sinks From the People's Republic of China: Preliminary Results of the Antidumping Duty Administrative Review and Preliminary Determination of No Shipments; 2018-2019

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) preliminarily determines that certain companies made sales of subject merchandise at less than normal value. The period of review (POR) is April 1, 2018 through March 31, 2019. Interested parties are invited to comment on these preliminary results.

DATES: Applicable December 26, 2019.

FOR FURTHER INFORMATION CONTACT: Rebecca Janz or Adam Simons, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-2972 or (202) 482-6172, respectively.

SUPPLEMENTARY INFORMATION:

Background

In June 2019, Commerce published a notice of initiation of an administrative review of the antidumping duty order on drawn stainless steel sinks from the People's Republic of China (China) covering the period April 1, 2018 through March 31, 2019, with respect to 30 companies.¹ In August 2019, as the result of a timely withdrawal request, we rescinded the review with respect to 18 of these companies.² Therefore, the

results of this review cover the twelve remaining companies.

Scope of the Order

The products covered by the order include drawn stainless steel sinks from China. Imports of subject merchandise are currently classified under the Harmonized Tariff Schedule of the United States (HTSUS) subheadings 7324.10.0000 and 7324.10.0010. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of the order is dispositive.³

Methodology

Commerce is conducting this review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (the Act).

For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS).
