An electronically filed document must be received successfully in its entirety by ACCESS, by 5:00 p.m. Eastern Time on the due dates set forth in this notice.

Any interested party may request a hearing within 14 days of publication of this notice. Hearing requests should contain the following information: (1) The party's name, address, and telephone number; (2) the number of participants; and (3) a list of the issues to be discussed. Oral presentations at the hearing will be limited to issues raised in the briefs. If a request for a hearing is made, parties will be notified of the time and date for the hearing to be held at the U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230 in a room to be determined.¹⁰

Unless extended, consistent with 19 CFR 351.216(e), we intend to issue the final results of this CCR no later than 270 days after the date on which this review was initiated or 45 days if all parties agree to the outcome of the review.

This notice is published in accordance with sections 751(b)(1) and 777(i)(1) of the Act and 19 CFR 351.216 and 351.221(c)(3).

Dated: March 12, 2019.

Christian Marsh,

Deputy Assistant Secretary for Enforcement and Compliance.

Attachment—Proposed Revision to the Scope of the Korea Order

Also excluded are valve spring quality (VSQ) steel products, which is defined as wire rod

(i) Measuring no more than 14 mm in cross-sectional diameter;

(ii) Containing by weight the following elements in the proportions shown:

(1) 0.51 percent to 0.68 percent, inclusive, of carbon,

(2) Not more than 0.020 percent of phosphorus,

(3) Not more than 0.020 percent of sulfur,

(4) Not more than 0.05 percent of copper,

(5) Not more than 70 ppm of nitrogen,

(6) 0.5 percent to 0.8 percent, inclusive, of manganese,

(7) Not more than 0.1 percent of nickel,

(8) 1.3 percent to 1.6 percent, inclusive, of silicon,

(9) Not more than 0.002 percent of titanium,

(10) Not more than 0.15 percent of vanadium, and

(11) Not more than 20ppm of oxygen of product; and

(iii) Having non-metallic inclusions not greater than 15 microns and meeting all of the following specific inclusions requirements using the Max-T method:

(1) No sulfide inclusions greater than 5 microns,

(2) No alumina inclusions greater than 10 microns,

(3) No silicate inclusions greater than 5 microns, and

(4) No oxide inclusions greater than 10 microns.

The size of an inclusion is its thickness perpendicular to the axis of rolling. Max-T method is used to measure the maximum thickness of all inclusions observed in a longitudinal cross-sectional sample with a minimum surface area of 60 mm², taken at the bottom of each coil of every heat.

Low-Enriched Uranium From France: Final Results of Sunset Review and Revocation of Antidumping Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On November 1, 2018, the Department of Commerce (Commerce) initiated a sunset review of the antidumping duty order on low-enriched uranium (LEU) from France. Because no domestic interested party responded to the sunset review notice of initiation by the applicable deadline, Commerce is revoking the antidumping duty order on LEU from France.

DATES: Applicable March 15, 2019.

FOR FURTHER INFORMATION CONTACT: Jacqueline Arrowsmith or Charlotte Baskin-Gerwitz, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-5255 or (202) 482-4880, respectively.

SUPPLEMENTARY INFORMATION: On February 13, 2002, Commerce issued an antidumping duty order on imports of low-enriched uranium from France.¹ In

the first two sunset reviews, Commerce and the International Trade Commission (ITC) determined that continuation of the order was warranted.² On November 1, 2018, Commerce initiated the current sunset review pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act) and 19 CFR 351.218.³

We did not receive a notice of intent to participate from the domestic interested parties in this sunset review. As a result, in accordance with 19 CFE 351.218(d)(1)(iii)(A), Commerce has determined that no domestic interested party intends to participate in the sunset review. On November 28, 2018, Commerce notified the ITC in writing that we intend to revoke the antidumping duty order on low-enriched uranium from France.⁴ Commerce exercised its discretion to toll all deadlines affected by the partial federal government closure from December 22, 2018, through the resumption of operations on January 29, 2019.⁵ If the new deadline falls on a non-business day, in accordance with Commerce's practice, the deadline will become the next business day. The revised deadline for the Revocation Order is now March 11, 2019.

Scope of the Order

The product covered by the order is all low-enriched uranium. Low-enriched uranium is enriched uranium hexafluoride (UF₆) with a U²³⁵ product assay of less than 20 percent that has not been converted into another chemical form, such as UO₂, or fabricated into nuclear fuel assemblies, regardless of the means by which the LEU is produced (including low-enriched uranium produced through the down-blending of highly enriched uranium).

Certain merchandise is outside the scope of this order. Specifically, this order does not cover enriched uranium hexafluoride with a U²³⁵ assay of 20

All deadlines in this segment of the proceeding have been extended by 40 days.

percent or greater, also known as highly-enriched uranium. In addition, fabricated low-enriched uranium is not covered by the scope of this order. For the purposes of this order, fabricated uranium is defined as enriched uranium dioxide (UO₂), whether or not contained in nuclear fuel rods or assemblies. Natural uranium concentrates (U₃O₈) with a U²³⁵ concentration of no greater than 0.711 percent and natural uranium concentrates converted into uranium hexafluoride with a U²³⁵ concentration of no greater than 0.711 percent are not covered by the scope of this order.

Also excluded from this order is low-enriched uranium owned by a foreign utility end-user and imported into the United States by or for such end-user solely for purposes of conversion by a U.S. fabricator into uranium dioxide (UO₂) and/or fabrication into fuel assemblies so long as the uranium dioxide and/or fuel assemblies deemed to incorporate such imported low-enriched uranium (i) remain in the possession and control of the U.S. fabricator, the foreign end-user, or their designated transporter(s) while in U.S. customs territory, and (ii) are re-exported within eighteen (18) months of entry of the low-enriched uranium for consumption by the end-user in a nuclear reactor outside the United States. Such entries must be accompanied by the certifications of the importer and end user.

The merchandise subject to this order is classified in the Harmonized Tariff Schedule of the United States (HTSUS) at subheading 2844.20.0020. Subject merchandise may also enter under 2844.20.0030, 2844.20.0050, and 2844.40.00. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise is dispositive.

Revocation

Pursuant to section 751(c)(3)(A) of the Act and 19 CFR 351.218(d)(1)(iii)(B)(3), if no domestic interested parties respond to a notice of initiation, Commerce shall, within 90 days after the initiation of the review, revoke the order. Because no domestic interested party filed a notice of intent to participate in this sunset review, we are revoking the antidumping duty order on LEU from France.

Effective Date of Revocation

Pursuant to sections 751(c)(3)(A) and 751(c)(6)(A)(iii) of the Act, and 19 CFR 351.222(i)(2)(i), Commerce will instruct U.S. Customs and Border Protection to terminate the suspension of liquidation of the merchandise subject to this order

entered, or withdrawn from warehouse, on or after December 24, 2018, the fifth anniversary of the date of publication of the last continuation notice. Entries of subject merchandise prior to the effective date of revocation will continue to be subject to suspension of liquidation and antidumping duty deposit requirements. Commerce will complete any pending reviews of these orders and will conduct administrative reviews of subject merchandise entered prior to the effective date of revocation in response to appropriately filed requests for review.

These five-year (sunset) reviews and this notice are issued and published in accordance with sections 751(c) and 777(i)(1) of the Act.

Dated: March 12, 2019.

P. Lee Smith,

Deputy Assistant Secretary for Policy and Negotiations.

Multilayered Wood Flooring From the People's Republic of China: Initiation of Antidumping Duty New Shipper Review; 2017-2018

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) has determined that a request for a new shipper review (NSR) of the antidumping duty order on multilayered wood flooring from the People's Republic of China (China) meets the statutory and regulatory requirements for initiation. The period of review (POR) for this new shipper review is December 1, 2017, through November 30, 2018.

DATES: Applicable March 15, 2019.

FOR FURTHER INFORMATION CONTACT: William Horn or Alexis Cherry, AD/CVD Operations, Office VIII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-4868 or (202) 482-0607, respectively.

SUPPLEMENTARY INFORMATION:

Background

Commerce published the antidumping duty order on multilayered wood flooring from China on December

8, 2011.¹ On December 19, 2018, Commerce received a timely NSR request from Muchsee Wood (Chuzhou) Co., Ltd. (Muchsee Wood) in accordance with section 751(a)(2)(B)(i) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.214(c).² Commerce exercised its discretion to toll all deadlines affected by the partial federal government closure from December 22, 2018, through the resumption of operations on January 29, 2019. If the new deadline falls on a non-business day, in accordance with Commerce's practice, the deadline will become the next business day.³ The revised deadline for the NSR initiation decision is now March 12, 2019.

In its submission, Muchsee Wood certified that it is both the producer and exporter of the subject merchandise upon which the NSR request is based.⁴ Pursuant to section 751(a)(2)(B)(i)(I) of the Act and 19 CFR 351.214(b)(2)(i), Muchsee Wood certified that it did not export multilayered wood flooring to the United States during the period of investigation (POI).⁵ In addition, pursuant to section 751(a)(2)(B)(i)(II) of the Act and 19 CFR 351.214(b)(2)(iii)(A), Muchsee Wood certified that, since the initiation of the investigation, it has never been affiliated with any producer or exporter that exported multilayered wood flooring to the United States during the POI, including those not individually examined during the investigation.⁶ As required by 19 CFR 351.214(b)(2)(iii)(B), Muchsee Wood also certified that its export activities were not controlled by the Government of China.⁷ Muchsee Wood additionally certified that it has had no subsequent shipments of subject merchandise.⁸

In addition to the certifications described above, pursuant to 19 CFR
